

## FullHouse 1, 2, 3, 5, C

### POINT VALUES:

- 1 pt. Jumps
- 3 pts. Tunnels, Panel
- 5 pts. Aframe, Dogwalk, Weaves

All obstacles may be taken twice successfully for points.

### Required obstacles:

- 3 – 1 pt. obstacles (Bar Jump)
- 2 – 3 pt. obstacles (Tunnels and Panel Jump)
- 1 – 5 pt. obstacle (Aframe, Dog Walk and Weaves)

The finish jump is ALWAYS live and stops your game and is not faultable or worth any points.

When the horn sounds, point accumulation stops.

Go directly to the finish jump to stop the clock. You have 5 seconds before you start to lose 1 point for each full second over the total game time.

You may go to the finish jump prior to the horn if you choose.

### QUALIFYING:

Perform the required sets (3 – 1 pt. obstacles, 2 – 3 pt. obstacles and 1 – 5 pt. obstacle) and accumulate at least the required total points for your level, within the time limit.

### TIMES:

Small dogs – Play Time 40 Sec

Large dogs – Play Time 35 Sec
