Confirmation Information

- You should have received an email for your entry confirmation when you registered. If you did not, please check your spam folder or contact me ASAP so that I can resend it. Your information is also located at the bottom of this email, please check to make sure it is correct.

AKC Registration Numbers

- You do not need an AKC registration number to participate in the ACT trial.
- If you do not see an AKC registration number at the bottom with your dog's information, and you have an AKC registration number for your dog, you must go into your My Dog Entry account and enter that information prior to Saturday. If you do not and your dog qualifies, it will not be credited to your dog's AKC account. This cannot be fixed once the trial is running.
- If your dog does not have an AKC registration number and qualifies, the AKC will give you a temporary number to use. The qualifications can be transferred over to your account when you obtain a registration number.
- Temporary accounts cannot be transferred to dogs that already have a registration number.
