

Doggie U K9 Academy CPE CSS Scent Work Trial
Saturday & Sunday, June 20 & 21, 2026
Held At
Doggie U K9 Academy
1515D 5th Industrial Court, Bay Shore, NY 11706

Thank you for entering Doggie U's CPE CSS Scent Work Trial! We are grateful to be able to hold our Scent Work Trial at Doggie U, which allows us to offer the comfort of indoor crating. A special thank you to Susan Scelzi for agreeing to judge our CSS Trial. We so appreciate her support in expanding Scent Work here on Long Island. Please listen to any announcements during the day if we find it necessary to adjust things and schedules.

Search Sites: We will be using part of the front parking lot and the front areas of the building for the search areas. This will make the setup of the trial very different from other types of trials hosted at Doggie U. We will also be using the two "obedience" rings, crate room, front lobby and office.

How to enter the building: Since the front areas of the building are being used for the searches, we are asking exhibitors to enter the building through the north alley way and enter through the back door. As a courtesy to the teams that are working, we are asking that you do not let the door slam.

Crating: Indoor crating will be available in the area in the back in the regular agility ring. For those of you who are new to Doggie U, this will be near the door you are using to enter the building. As there will be a few search areas inside the building, we are asking you to make sure your dogs are settled and are comfortable being in their crates. If your dog is reactive or gets stressed in the crate, we are asking that you consider working from your car. We will also have access to the back room for those dogs who are reactive.

Parking: Since we are using part of the front parking lot as a search area, we are not able to offer reserved parking for this trial. Parking will be next door in the Master Concepts parking lot and on the street.

Potty Areas: We are asking you to use the stone potty area in front of Doggie U or to walk your dogs north of the facility. The grass strip in front of the building will not be available for this trial as it is part of the exterior search area. Please do not walk or potty your dogs on the business properties across the street. Wherever you do potty your dog, please pick up after him or her. Doggie U has poop bags in the mailbox in the potty area or inside the building if you should need them.

HOSPITALITY: The club will be providing hospitality FOR WORKERS ONLY. It is recommended that you bring breakfast/lunch with you, since we will not be providing food for all exhibitors.

AWARDS: Doggie U will be providing ribbons for qualifying scores and placements. At this time we have title ribbon tabs for each level title. We will not have title tabs for individual elements.

We would like to thank you in advance for all your cooperation in making Doggie U's latest CPE CSS Scent Work Trial a success. As you can see, the trial committee has put a lot of thought into making the trial run smoothly and setting it up so the teams that are working have the greatest chance for success. All our trial committee members as well as our trial workers are all volunteers who have stepped up to make this trial happen. We would like to wish all you the best of luck at the trial and we look forward to seeing you and your pups!
