

FULLHOUSE LEVELS 1, 2, 3, 5, C

The "Finish Jump" is live at all times after you receive the "Go." The Finish Jump is being used as an alternative to the Table and is only for the purpose of stopping the clock. The Finish Jump has the same rules as the Table. There is no fault if the Finish Jump bar is dropped.

All obstacles may be taken twice for points and back to back obstacles are allowed if done safely.

To qualify, you must obtain the required obstacles, which are three (3) 1 point obstacles, two (2) 3 point obstacles and one (1) 5 point obstacle and the additional points to complete your level. Once you complete your point accumulation, you may go through the "Finish Jump" at any time.

Once the horn blows, you have 5 seconds for your dog to go through the "Finish Jump" to stop the clock. Every second over the time allowed will be deducted from your score.

JACKPOT LEVELS 5, C - 3 - 1, 2

BRIEFING: You are responsible for taking the correct Level Jackpot that you entered. If you took the wrong Level Jackpot, you will receive a NQ. See Below

The Start jump is Bi-Directional. If your dog passes the jump after the Go without taking the jump, your time will start and you do not need to return to take the start jump unless you wish to. Everything may be taken twice successfully for points during the opening time. Back to back is fine as long as it is done safely.

The Jackpot will be negated if you take any two obstacles of the Jackpot back-to-back in any order in the opening. Once the horn blows, you stop accumulating points and must successfully complete the gamble to Q within the time allowed. The "Finish Jump" is live after the first horn.
